# Cast iron systems for rainwater, soil and drain

Tuscan Foundry Products has supplied cast iron rainwater goods for listed and period buildings since 1893. We work with architects, conservation officers, surveyors and specialist contractors on projects ranging from a single replacement hopper head to the complete rainwater system of a church or country house.

The standard gutters, pipes and fittings in this list are made to BS 460:2002 and are supplied primed or factory black, or finished in our own workshop in traditional linseed oil paint. Where a profile or casting is no longer made, we copy cast from a sample or a measured drawing.

We are supply-only. We do not install, but we are always glad to help with specification, profile identification and practical advice on site.

### Technical & sales support

Profile identification, specification wording, take-offs from drawings and practical advice for heritage projects.

### Site visits & surveys

Chargeable site surveys, including access by cherry picker, with a written schedule of what is needed. Part of the survey fee is credited against a subsequent supply order.

### Copy casting

New patterns made from a sample or measured drawing for gutters, hopper heads, pipes and ornamental castings.

### Linseed oil finishes

Traditional linseed oil paint applied by hand in our workshop, in 38 heritage colours or matched to a sample. See the colour chart in this list.

## Using this price list

- Prices are list prices for each item, in pounds sterling, excluding VAT and delivery. Project pricing is available on request.
- Premier [Primed]: supplied with one coat of grey primer. Premier Extra [Black]: factory black gloss finish.
- Linseed oil paint finishes and RAL or BS colours are priced on application (POA).
- Lead times: ex stock items typically 5–7 working days from order; made-to-order profiles and ornamental heads typically 12–14 weeks.
- Delivery is charged on every order and is confirmed with your quotation.
- Product codes are shown for each size and finish – please quote them when ordering.
- Prices apply from October 2026 and replace all previous Tuscan Foundry price lists. Our terms and conditions of sale are printed at the back of this list.

# LINSEED OIL PAINT COLOURS

## Heritage Paint Finishes for Cast Iron Rainwater Systems

Traditional linseed oil paint applied to cast iron guttering, pipes, and hoppers in factory conditions. Two primer coats of pure linseed red oxide are applied to prepared cast iron, followed by three top coats for outdoor installations. Each coat is allowed to dry for 48–72 hours depending on temperature and light conditions, and applied using natural bristle brushes.

38 historically accurate colours are available across seven colour families. Colours outside this range can be produced to order, including exact matches from an existing sample. A minimum quantity applies for bespoke colour orders.

**Application Process**

Surface preparation (wire brush or shot blast) → degreasing → two coats linseed red oxide primer (48–72 hours between coats, depending on temperature and light conditions) → three coats linseed oil topcoat (48–72 hours between coats, depending on temperature and light conditions)

## COLOUR FAMILIES

### Whites & Creams — 7 colours

From pure bright whites to warm biscuity stone tones. Suited to Georgian and Victorian town houses, university buildings, and limestone-district properties.

### Greys & Stones — 9 colours

Warm and cool stone greys, including Old Lead — formulated to replicate aged lead rainwater goods for Listed Building Consent applications.

### Greens — 7 colours

Olive to deep bottle green. Among the most historically used colours on Victorian cast iron — widely specified for estate buildings, walled gardens, and National Trust properties.

### Blues — 4 colours

From pale Georgian coastal blues to deep near-navy. Suited to formal country houses, ecclesiastical settings, and buildings with a Scandinavian architectural influence.

### Yellows & Ochres — 3 colours

Sandy yellows, golden ochres, and warm tans. Particularly sympathetic to sandstone and golden limestone settings, and to industrial heritage and rural estate buildings.

### Reds & Browns — 5 colours

Iron oxide red to deep earthy browns. Historically accurate for farm buildings, estate ironwork, and industrial heritage. Dark Iron Oxide Red doubles as a visible primer finish.

### Blacks — 2 colours

Cast Iron is formulated to replicate freshly finished cast iron — a cool grey-black rather than blue-black. Blackout is a true full black for Georgian facades and formal listed terraces.

## WHITES & CREAMS

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.1 | 1 | Project White | A pure, bright white with the characteristic warmth of linseed oil. Ideal for Georgian and Victorian cast iron where a crisp white is required without a cold, modern appearance. Highly suited to rendered and stucco-fronted town houses. |
| No.2 | 2 | Cambridge No 7 | A soft off-white with a subtle warm undertone. Widely specified for period townhouses, university buildings, and listed properties where a pure white would appear too stark against historic stone or brick. |
| No.3 | 3 | Restoration White | A traditional restoration white with a slightly aged, antique quality. Reflects the slightly mellowed whites found on historic cast ironwork that has been well maintained and repainted over many decades. |
| No.4 | 4 | Warwick's Bench | A warm, creamy white with more depth than a standard off-white. Suits oak-framed buildings, Jacobean properties, and estate buildings where a strong warmth in the paint is appropriate to the setting. |
| No.5 | 5 | Whiteley | A mid-tone off-white with a distinctive chalky character. Sits between cream and stone, making it extremely versatile for both rendered and stone-faced period properties across a range of architectural periods. |
| No.10 | 10 | Clotted Cream | A rich, warm cream particularly sympathetic to buildings in honey-coloured limestone areas. Conveys warmth and traditional craftsmanship without appearing overly yellow in direct sunlight. |
| No.13 | 13 | Fairburn | A soft, biscuity stone colour. More golden than Clotted Cream, it reads as a pale stone rather than a cream and is well suited to late Victorian and Edwardian properties with red brick or terracotta details. |

## GREYS & STONES

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.6 | 6 | Warm Grey | A gentle warm-toned grey with a slight stone quality. Highly suitable for cast iron against Bath stone, Portland stone, or red brick elevations where a cooler grey would create an unwanted contrast. |
| No.7 | 7 | Pearl Grey | A light, luminous grey with warm undertones. An excellent choice for cast iron rainwater goods where a lighter finish is needed against white or pale rendered facades on Georgian and Regency properties. |
| No.9 | 9 | Quartz | A clean, mineral grey with a cool quality. Close in tone to the natural appearance of freshly cast iron, making it a highly authentic finish for conservation projects with strict accuracy requirements. |
| No.11 | 11 | Haddon Estate Grey | A mid-tone grey of rich character. A versatile, authoritative grey that conveys permanence and quality, suitable across Victorian municipal buildings, country houses, and formal architectural settings. |
| No.12 | 12 | Green Grey | A grey with a distinct green undertone, reminiscent of weathered lead and slate. Conservation officers frequently specify this colour for cast iron where a lead-like appearance is required without the use of actual lead. |
| No.14 | 14 | Highfield Grey | A deeper, more neutral grey. A solid, confident choice that works well on heavy Victorian cast ironwork, industrial heritage buildings, and ecclesiastical properties where presence and weight are required. |
| No.25 | 25 | Silver Grey | A cool, clear silver grey with a metallic quality. Reflects the natural tone of aged cast iron and is an ideal conservation-accurate choice for listed buildings in stone-built and urban settings. |
| No.36 | 36 | Old Lead | Precisely formulated to replicate the appearance of aged lead rainwater goods. Highly specified for Listed Building Consent applications where cast iron is replacing lead and visual authenticity must be maintained for planning approval. |
| No.15 | 15 | Medway, PA | A warm stone-grey. Sits between a warm grey and a stone tone, making it highly versatile across brick, stone, and render elevations from the Victorian period through to the early twentieth century. |

## GREENS

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.16 | 16 | Olive | A rich, warm olive green. One of the most historically used colours on Victorian cast iron, reflecting the olive green of aged bronze and historical municipal ironwork found across British towns and cities. |
| No.17 | 17 | Moss | A soft, muted moss green with strong heritage credentials. Frequently specified for cast iron guttering on estate buildings, walled gardens, rural outbuildings, and National Trust properties. |
| No.18 | 18 | Echo | A mid-toned grey-green with a quiet, recessive character. Works particularly well where the form of ornate castings is to be appreciated without the colour competing with the surrounding architecture. |
| No.19 | 19 | Leaf Green | A fresh, pure green with good depth. Less grey than Echo or Moss, Leaf Green reads clearly as green and suits Victorian municipal buildings, country houses, and ecclesiastical settings. |
| No.20 | 20 | Amsterdam Green | A deep, rich bottle green. Historically accurate for 19th-century ironwork. One of the most widely specified heritage greens for cast iron rainwater systems on period buildings across the UK. |
| No.21 | 21 | Highfield Green | A strong, saturated estate green. Deep and confident, it provides excellent contrast against stone and buff render and suits both Gothic revival buildings and Victorian estate architecture. |
| No.24 | 24 | Map Green | A slightly teal-inflected dark green. Particularly suited to civic buildings, libraries, courthouses, and institutional architecture of the 1880-1920 period, where a dignified, authoritative green is required. |

## BLUES

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.22 | 22 | Ice Blue | A pale, cool blue with a delicate quality. Used on Georgian-era cast ironwork in coastal settings, Regency properties, and buildings with a Scandinavian or Baltic architectural influence. |
| No.26 | 26 | Mountain Blue | A clear, strong blue. Referenced in Scandinavian and Northern European heritage painting traditions. Provides a distinctive, authoritative finish for statement cast iron features and architectural ironwork. |
| No.27 | 27 | Chatsworth Blue | A deep, aristocratic blue used extensively on formal architectural ironwork. Particularly appropriate for country houses, estate buildings, and formal gardens where an historically grounded colour palette is required. |
| No.28 | 28 | Maastricht Blue | An exceptionally deep, near-navy blue. Provides a powerful, almost black appearance in low light while retaining rich colour in full sun. Suited to formal, ecclesiastical, and high-status architectural settings. |

## YELLOWS & OCHRES

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.29 | 29 | Sand Yellow | A warm, sandy yellow ochre. Used historically across Northern European estate ironwork and timber buildings. Conveys warmth and craftsmanship and suits sandstone or golden limestone settings particularly well. |
| No.30 | 30 | Golden Yellow | A rich, golden yellow with a strong ochre quality. Bold and historically authentic, this is a declarative colour that demands confidence in its setting. Well suited to industrial heritage and rural estate buildings. |
| No.23 | 23 | Arran | A complex warm tan, sitting between a stone and a yellow. Highly sympathetic to sandstone, granite, and rubble-stone buildings where a warmer, earthier tone is needed than grey or stone can provide. |

## REDS & BROWNS

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.31 | **31** | Dark Iron Oxide Red | The classic primer red of cast iron conservation. Iron oxide has been used as an anti-corrosion pigment for centuries. Also serves as a distinctive finished coat for industrial heritage buildings, farm buildings, and rural structures. |
| No.32 | **32** | Barn Red | A warm, rich barn red. Traditional across British estate farm buildings and rural outbuildings. Provides strong contrast against stone and brick and is particularly effective on cast iron soil pipes on agricultural and heritage buildings. |
| No.33 | **33** | Brodsworth Brown | A deep, earthy brown. A traditional estate colour used on iron gates, railings, and guttering throughout the Victorian and Edwardian periods. Conveys age, solidity, and rootedness in the land. |
| No.34 | **34** | Italian Umber | A warm, reddish-brown umber. A paint-makers colour of great historical importance used as a pigment for centuries. Conveys age, quality, and restraint and is suited to formal period properties and conservation work. |
| No.35 | **35** | Manderley | A deep, shadowy dark brown. Exceptional for creating a sense of depth and presence on ornate cast iron hoppers, decorative brackets, and feature downpipes on high-specification conservation projects. |

## BLACKS

| Swatch | No. | Name | Character & Use |
|---|---|---|---|
| No.37 | **37** | Cast Iron | Formulated to replicate the appearance of freshly cast and finished cast iron. A dark, cool grey-black that avoids the blue-black of standard paints. The most conservation-accurate black available in our linseed oil paint range. |
| No.38 | **38** | Blackout | A true, deep, full black. Maximum contrast and presence. Specified for cast iron on Georgian facades, formal terraces, and listed buildings with monochrome colour schemes where the strongest possible visual definition is required. |

This page (together with the documents expressly referred to on it including our Privacy Policy) tells you information about us and the legal terms and conditions (Terms) on which we sell any of the products (Products) listed on our website (our site) to you. These Terms will apply to any contract between us for the sale of Products to you (Contract). Please read these Terms carefully and make sure that you understand them, before ordering any Products from our site or by telephone. Please note that by ordering any of our Products, you agree to be bound by these Terms and the other documents expressly referred to in it. Please click on the button marked "I Accept" at the end of these Terms if you accept them. If you refuse to accept these Terms, you will not be able to order any Products from our site. You should print a copy of these Terms or save them to your computer for future reference. We amend these Terms from time to time as set out in clause 7. Every time you wish to order Products, please check these Terms to ensure you understand the terms which will apply at that time. These Terms updated 01/04/2019 when we changed clauses 2, 6, 8, 10, 12 and 18. These Terms, and any Contract between us, are only in the English language.

## 1. INFORMATION ABOUT US

1.1 We operate the website www.tuscanfoundry.com. We are Tuscan Foundry Products, and with our office at Tuscan Foundry Products, Unit 1, Tyn-Y-Clyn, Llanafan Fawr, Builth Wells, Powys, LD2 3LU, United Kingdom. Our VAT number is 384788041.

1.2 To contact us, please see our Contact Us page http://www.tuscanfoundry.com/contact or telephone us on 0333 987 4452 for general information

## 2. OUR PRODUCTS

2.1 The images of the Products on our site are for illustrative purposes only. Although we have made every effort to display the colours accurately, we cannot guarantee that your computer's display of the colours accurately reflect the colour of the Products. Your Products may vary slightly from those images.

2.2 The packaging of the Products may vary from that shown on images on our site.

2.3 All Products shown on our site are subject to availability. We will inform you by e-mail as soon as possible if the Product you have ordered is not available and we will not process your order if made.

2.4 Please ensure that any bespoke orders made by you clearly set out your requirements and accurate measurements. We cannot accept the return of any bespoke products if the reason for return is because you provided us with incorrect measurements or specifications. However, this will not affect your legal rights as a consumer in relation to bespoke Products that are faulty or not as described. Advice about your legal rights is available at your local Citizen's Advice Bureau or Trading Standards office.

2.5 Any bespoke Products ordered by you are outside our normal specification of Products and as such we may incur additional design, materials and manufacturing fees or costs. If you choose to cancel your order at any time and we have already started work on your order we will either invoice you, or where a deposit has been paid make a deduction from the deposit, in respect of any fees and costs reasonably incurred by us at that time.

2.6 Any bespoke pattern created by us, unless specifically requested by the customer at the time of order, remains the property of Tuscan Foundry Products.

2.7 For cast iron products specifically; casting is an imperfect process and the surface finish will never be completely smooth and free of blemishes. The beauty and aesthetic appeal of cast iron is in its imperfections. It is also possible that some castings may have small pinholes that will require on-site filling before installation. Please consider that this is a heritage product. Your product will though be manufactured to a high standard.

2.8 Paints & Finishes

**Primer Finishes**

Primer-finished gutters and pipes are supplied with one coat of protective grey primer. This primer will protect against corrosion during transportation and short-term undercover storage, providing a suitable surface for primer coating and final painting. On-site handling and painting are the reasonability of the contractor, and particular environmental considerations should be taken into account when choosing the paint system for the final finishing. We recommend that an additional priming coat be applied on-site, followed by 1 undercoat and 2 gloss coats of an alkyd paint system. All individual elements should receive the first of the gloss coats before fixing, and finished with the final gloss coat after the installation is Complete.

**Factory Paint Finishes**

The black-painted products have an exterior coating, high solids, and a black gloss paint finish. High solids and a gloss finish ensure greater durability over lower solids and matt/satin finishes. The paint application is carried out in a controlled environment located on-site. All black-painted products arrive individually bagged for maximum protection and are ready for immediate installation. We also offer and recommend purchasing touch-up paint with all painted orders; this can be applied to installation scuffs, scratches or cut ends. This paint specification finish meets a C3 corrosion category environment.

**Bespoke Paint Finishes**

We can offer bespoke paint finishes using various types of paints, including bitumenised and linseed oil. However, it is the customer's responsibility to ensure the paint finish is suitable for the geographical and environmental location of the products they are using.

**Coastal Paint Finishes**

Coastal paint specification can be offered on all rainwater products and the Heritage Express (TX) soil system. Black painted or RAL and BS colours are also available to this specification.

Coastal and Marine environments are difficult to define; however, for guidance, they are estimated to be areas within 5km (approximately 3 miles) of the coast. Areas falling within a coastal or marine environment are classified as a C4 corrosion category.

The durability of paint systems is not an exact science; neither is the predictability of atmospheric conditions to which a product will be exposed. For this reason, we cannot be specific regarding the number of years the paint will last. To combat this aggressive environment, the overall coating thickness on the Coastal products is much greater. This increased coating thickness forms a longer-lasting barrier between the environment and the substrate thus delaying the onset of corrosion.

**Galvanised Products**

For galvanised components such as gutter and pipe brackets, the underlying steel will typically remain structurally sound for many years. However, it is important to note that paint adhesion to galvanised finishes can be problematic, with coatings often prone to flaking or peeling over time.

Where a decorative or protective finish is required, we generally recommend powder coating as this provides a more durable and long-lasting bond to the galvanised surface. If a suitable colour match can be achieved, powder coating offers the most reliable solution for maintaining both the appearance and the protection of galvanised brackets and fittings.

**Aftercare**

Regular aftercare of cast iron guttering and downpipes is essential to maximise service life and protect against corrosion. The paint finish provides the primary barrier against rust and must be kept in sound condition.

Inspection Frequency: Paint finishes should be inspected annually, and every six months in coastal or marine locations.

Immediate Action: Any signs of flaking paint or surface rust must be cleaned and addressed without delay to prevent further deterioration.

Expected Lifespan: Under typical conditions, paint finishes may last 5–7 years before recoating is required. However, this is dependent on factors such as location, exposure, and quality of application.

Additional Measures: In harsher environments (e.g., high humidity, salt-laden air), more frequent maintenance and recoating may be necessary. Use high-quality, weather-resistant, or marine-grade paints and consider supplementary anti-corrosion treatments for improved longevity.

## 3. HOW WE USE YOUR PERSONAL INFORMATION

We only use your personal information in accordance our Privacy Policy. For details, please see our Privacy Policy http://www.tuscanfoundry.com/privacy-policy/. Please take the time to read these, as they include important terms which apply to you.

## 4. IF YOU ARE A CONSUMER

This clause 4 only applies if you are a consumer.

4.1 If you are a consumer, you may only purchase Products from our site if you are at least 18 years old.

4.2 We intend to rely upon these Terms and any document expressly referred to in them in relation to the Contract between you and us. While we accept responsibility for statements and representations made by our duly authorised agents, please make sure you ask for any variations from these Terms to be confirmed in writing.

4.3 As a consumer, you have legal rights in relation to Products that are faulty or not as described. Advice about your legal rights is available from your local Citizens' Advice Bureau or Trading Standards office. Nothing in these Terms will affect these legal rights.

## 5. IF YOU ARE A BUSINESS CUSTOMER

This clause 5 only applies if you are a business.

5.1 If you are not a consumer, you confirm that you have authority to bind any business on whose behalf you use our site to purchase Products.

5.2 These Terms and any document expressly referred to in them constitutes the entire agreement between you and us. You acknowledge that you have not relied on any statement, promise or representation made or given by or on behalf of which is not set out in these Terms or any document expressly referred to in them.

## 6. HOW THE CONTRACT IS FORMED BETWEEN YOU AND US

6.1 With the exception of bespoke Products which will need to be discussed by telephone or email, the steps you need to take to place an order on our site are clearly set out on our website. You may click on an item to order which places the item into your basket and you may then checkout and make payment.

6.2 Our order process allows you to check and amend any errors before submitting your order to us. Please take the time to read and check your order at each stage of the order process.

6.3 After you place an order, whether it be by email, online, or by telephone, we will send an invoice confirming that your order has been placed (Order Confirmation). The Contract between us will be in place from the time as stated on this email.

6.4 Changes to your order made after completion of the stages as set out in clause 6.3 may incur additional costs, for example should you wish to change your order and return items to us. We will confirm any costs to you prior to amending your order.

6.5 If we are unable to supply you with a Product, for example because that Product is not in stock or no longer available or because of an error in the price on our site as referred to in clause 12.6, we will inform you of this by e-mail or telephone and we will not process your order. If you have already paid for the Products, we will refund you the full amount as soon as possible.

6.6 Telephone orders may be placed during our telephone conversation and the Contract will come into existence once: (a) you have confirmed during that telephone conversation that you wish to proceed with the order; and (b) you have paid any deposit as required by us; and (c) you receive an Order Confirmation email from us confirming that your order has been placed.

6.7 We also provide email quotations for products, including bespoke Products, following telephone or email enquiries. A copy of these terms and conditions will be attached to every quotation and by proceeding to place an order with us and paying any deposit required by us, you confirm that you wish to proceed in accordance with these Terms.

## 7. OUR RIGHT TO VARY THESE TERMS

7.1 We may revise these Terms from time to time in the following circumstances: (a) changes in how we accept payment from you; (b) changes in relevant laws and regulatory requirements; and (c) changes to the delivery process.

7.2 Every time you order Products from us, the Terms in force at that time will apply to the Contract between you and us.

7.3 Whenever we revise these Terms in accordance with this clause 7, we will keep you informed and give you notice of this by stating that these Terms have been amended and the relevant date at the top of this page.

## 8. YOUR CANCELLATION AND REFUND RIGHTS IF YOU ARE A CONSUMER

This clause 8 only applies if you are a consumer.

8.1 If you are a consumer, you have a legal right to cancel a Contract under the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013 during the period set out below in clause 8.3. This means that during the relevant period if you change your mind or decide for any other reason that you do not want to receive or keep a Product, you can notify us of your decision to cancel the Contract and receive a refund. Advice about your legal right to cancel the Contract is available from your local Citizens' Advice Bureau or Trading Standards office.

8.2 However, this cancellation right does not apply in the case of any bespoke, made-to-measure or custom-made products. Unfortunately, as bespoke products are made to your requirements, you will not be able to cancel your order once made (but this will not affect your legal rights as a consumer in relation to bespoke/made to measure Products that are faulty or not as described).

8.3 Your legal right to cancel a Contract starts from the date of the Order Confirmation (the date on which we e-mail you to confirm our acceptance of your order), which is when the Contract between us is formed. Your deadline for cancelling the Contract then depends on what you have ordered and how it is delivered, as set out below:

• Your Contract is for a single Product (which is not delivered in instalments on separate days): the end date is the end of 14 days after the day on which you receive the Product. Example: if we provide you with an Order Confirmation on 1 January and you receive the Product on 10 January you may cancel at any time between 1 January and the end of the day on 24 January.

• Your Contract is for either of the following: one Product which is delivered in instalments on separate days; multiple Products which are delivered on separate days: the end date is 14 days after the day on which you receive the last instalment of the Product or the last of the separate Products ordered. Example: if we provide you with an Order Confirmation on 1 January and you receive the first instalment of your Product or the first of your separate Products on 10 January and the last instalment or last separate Product on 15 January you may cancel in respect of all instalments and any or all of the separate Products at any time between 1 January and the end of the day on 29 January.

• Your Contract is for the regular delivery of a Product over a set period: the end date is 14 days after the day on which you receive the first delivery of the Products. Example: if we provide you with an Order Confirmation on 1 January in respect of Products to be delivered at regular intervals over a year and you receive the first delivery of your Product on 10 January, you may cancel at any time between 1 January and the end of the day on 24 January. 24 January is the last day of the cancellation period in respect of all Products to arrive during the year.

8.4 To cancel a Contract, you must contact us in writing by sending an e-mail to info@tuscanfoundry.co.uk or by sending a letter to Tuscan Foundry Products, Unit 1, Tyn-Y-Clyn, Llanafan Fawr, Builth Wells, Powys, LD2 3LU, United Kingdom. You may wish to keep a copy of your cancellation notification for your own records.

8.5 If you cancel your Contract we will: (a) refund you the price you paid for the Products. However, please note we are permitted by law to reduce your refund to reflect any reduction in the value of the goods, if this has been caused by your handling them in a way which would not be permitted in a shop. (b) refund any delivery costs you have paid, although, as permitted by law, the maximum refund will be the costs of delivery by the least expensive delivery method we offer (provided that this is a common and generally acceptable method). For example, if we offer delivery of a Product within 3-5 days at one cost but you choose to have the Product delivered within 24 hours at a higher cost, then we will only refund what you would have paid for the cheaper delivery option. (c) make any refunds due to you as soon as possible and in any event within the deadlines indicated below: (i) if you have received the Product and we have not offered to collect it from you: 14 days after the day on which we receive the Product back from you or, if earlier, the day on which you provide us with evidence that you have sent the Product back to us. For information about how to return a Product to us, see clause 8.8; (ii) if you have not received the Product or you have received it and we have offered to collect it from you: 14 days after you inform us of your decision to cancel the Contract.

8.6 If you have returned the Products to us under this clause 8 because they are faulty or mis-described, we will refund the price of a defective Product in full, any applicable delivery charges, and any reasonable costs you incur in returning the item to us.

8.7 We will refund you on the credit card or debit card used by you to pay. If you used vouchers to pay for the Product we may refund you in vouchers.

8.8 If a Product has been delivered to you before you decide to cancel your Contract: (a) then you must return it to us without undue delay and in any event not later than 14 days after the day on which you let us know that you wish to cancel the Contract. You can either send it back, return it to us in-store or hand it to our authorised carrier. Please see our Website for our returns address; (b) unless the Product is faulty or not as described, you will be responsible for the cost of returning the Products to us. If the Product is one which cannot be returned by post, we estimate that if you use the carrier which delivered the Product to you, these costs should not exceed the sums we charged you for delivery; Because you are a consumer, we are under a legal duty to supply Products that are in conformity with this Contract. As a consumer, you have legal rights in relation to Products that are faulty or not as described. These legal rights are not affected by your right of return and refund in this clause 8 or anything else in these Terms. (c) In the event that we accept your request to return a product, we reserve the right to charge 40% of the invoice total by way of a restocking charge.

## 9. YOUR CANCELLATION AND REFUND RIGHTS IF YOU ARE A BUSINESS

This clause 9 only applies if you are a business.

9.1 If you are a business and change your mind or for any other reason you decide you do not want to keep a Product, you can notify us of your request to return the item. Returns will be accepted at our discretion, and must be returned in good condition within one month of their purchase.

9.2 In the event that we accept your request to return a Product, we reserve the right to charge 40% of the invoice total by way of a restocking charge.

9.3 Cancellation rights under this clause 9 do not apply to factory-painted-finished items, non-standard, made-to-measure, or custom-made products.

9.4 To request to cancel a Contract, you must contact us in writing by sending an e-mail to info@tuscanfoundry.co.uk or by sending a letter to Tuscan Foundry Products, Unit 1, Tyn-Y-Clyn, Llanafan Fawr, Builth Wells, Powys, LD2 3LU, United Kingdom.

9.5 Should we agree to the return of the Product and to issue a refund, you will receive a refund of the sum agreed as soon as possible and, in any case, within 30 calendar days of the day on which you gave us notice of cancellation as described in clause 9.4. If you returned the Products to us because they were faulty or mis-described, please see clause 9.6.

9.6 If you have returned the Products to us under this clause 9 because they are faulty or mis-described, we will refund the price of a defective Product in full, any applicable delivery charges, and any reasonable costs you incur in returning the item to us.

9.7 If we agree to the return of the Product(s): (a) you must return the Products to us as soon as reasonably practicable; (b) unless the Products are faulty or not as described, you will be responsible for the cost of returning the Products to us; (c) you have a legal obligation to keep the Products in your possession and to take reasonable care of the Products while they are in your possession.

## 10. DELIVERY

10.1 We will contact you with an estimated delivery date, which with the exception of bespoke Products will be within 30 days after the date of the Order Confirmation (the date on which we e-mail you to confirm our acceptance of your order). Occasionally our delivery to you may be affected by an Event Outside Our Control. See clause 18 for our responsibilities when this happens

10.2 Delivery of an Order shall be completed when we deliver the Products to the address you gave us or you or a carrier organised by you collect them from us and the Products will be your responsibility from that time.

10.3 If a delivery has been confirmed with you and dispatched by ourselves, but no one is available at your address to take delivery, or you wish to delay delivery, for whatsoever reason, we will either ask the haulier to redeliver on another day, or where suitable, upon agreement with yourselves to place the order into storage, until required for re-delivery. This is a chargeable service, and we will confirm charges with you. Please note that all goods are held on your behalf, responsibility and cost, this will be the point of delivery and supersedes point (10.5)

10.4 It is your responsibility to inspect goods upon delivery. Any breakages or shortages must be noted on the delivery paperwork and brought to our attention within 24 hours of receiving your delivery. We cannot refund or replace items that have been signed for as received in good condition.

10.5 The Products will be your responsibility from the completion of delivery.

10.6 You own the Products once we have received payment in full, including all applicable delivery charges. This clause 10.7 only applies if you are a consumer.

10.7 With the exception of bespoke Products, if we miss the 30 day delivery deadline for Products you have ordered then you may cancel your Order straight away if any of the following apply: (a) we have refused to deliver the Products; (b) delivery within the delivery deadline was essential (taking into account all the relevant circumstances); or (c) you told us before we accepted your order that delivery within the delivery deadline was essential.

10.8 If you do not wish to cancel your order straight away, or do not have the right to do so under clause 10.7, you can give us a new deadline for delivery, which must be reasonable, and you can cancel your Order if we do not meet the new deadline.

10.9 Please note that bespoke Products require additional work and so will not be delivered within the 30 day deadline, times for bespoke castings are normally in the region of 12 weeks from paid order. We will contact you with an estimated delivery date for any bespoke Products as soon as reasonably possible. Due to the nature of bespoke cast products delivery times are always only an estimate, as because of the nature of the process, casting will often require further work, alteration an adaption, before they are ready for delivery.

10.10 If you do choose to cancel your Order for late delivery under clause 10.7 or clause 10.8, you can do so for just some of the Products or all of them, unless splitting them up would significantly reduce their value. If the Products have been delivered to you, you will have to return them to us or allow us to collect them, and we will pay the costs of this. After you cancel your Order we will refund any sums you have paid to us for the cancelled Products and their delivery.

## 11. INTERNATIONAL DELIVERY

11.1 We deliver to the countries listed on this page https://www.tuscanfoundry.com/delivery/ (International Delivery Destinations). Please review the information on that page carefully before ordering Products.

11.2 If you order Products from our site for delivery to one of the International Delivery Destinations, your order may be subject to import duties and taxes which are applied when the delivery reaches that destination. Please note that we have no control over these charges and we cannot predict their amount.

11.3 You will be responsible for payment of any such import duties and taxes. Please contact your local customs office for further information before placing your order.

11.4 You must comply with all applicable laws and regulations of the country for which the Products are destined. We will not be liable or responsible if you break any such law.

11.5 In addition to the points contained within 10 (above) – all customers receiving international deliveries are responsible for checking the order at the point of entry, to ensure that all goods are as per the delivery information, before – and if onward shipping to the final location/site – if requested.

## 12. PRICE OF PRODUCTS AND DELIVERY CHARGES

12.1 With the exception of bespoke Products, the prices of the Products will be as quoted on our site from time to time. We take all reasonable care to ensure that the prices of Products are correct at the time when the relevant information was entered onto the system. However if we discover an error in the price of Product(s) you ordered, please see clause 12.6 for what happens in this event.

12.2 Prices for our Products may change from time to time, but changes will not affect any order which we have confirmed with an Order Confirmation.

12.3 The price of a Product includes VAT (where applicable) at the applicable current rate chargeable in the UK for the time being. However, if the rate of VAT changes between the date of your order and the date of delivery, we will adjust the VAT you pay, unless you have already paid for the Products in full before the change in VAT takes effect.

12.4 In some instances we may need to charge a deposit of up to 50% of the total cost of the Products to cover reasonable costs in respect time and fees incurred to draw up technical specifications. Where we need to do this we will inform you prior to Order Confirmation.

12.5 The price of a Product does not include delivery charges. Our delivery charges are as quoted on our site from time to time. To check relevant delivery charges, please refer to our Delivery Charges page https://www.tuscanfoundry.com/about-us

12.6 Our site contains a large number of Products. It is always possible that, despite our reasonable efforts, some of the Products on our site may be incorrectly priced. We will normally check prices as part of our dispatch procedures so that: (a) where the Product's correct price is less than the price stated on our site, we will charge the lower amount when dispatching the Products to you. However, if the pricing error is obvious and unmistakeable and could have reasonably been recognised by you as a mispricing, we do not have to provide the Products to you at the incorrect (lower) price; and (b) if the Product's correct price is higher than the price stated on our site, we will contact you as soon as possible to inform you of this error and we will give you the option of continuing to purchase the Product at the correct price or cancelling your order. We will not process your order until we have your instructions. If we are unable to contact you using the contact details you provided during the order process, we will treat the order as cancelled and notify you in writing.

## 13. HOW TO PAY

13.1 You can only pay for Products using a debit card or credit card. We accept all major debit and credit cards but should you wish to use American Express, a 5% surcharge will be applied to your order.

13.2 Deposit payments, payment for the Products and payments for all applicable delivery charges are made in advance. Your card will be charged at the point the order is placed.

## 14. MANUFACTURER GUARANTEES

14.1 Some of the Products we sell to you come with a manufacturer's guarantee. For details of the applicable terms and conditions, please refer to the manufacturer's guarantee provided with the Products.

14.2 If you are a consumer, a manufacturer's guarantee is in addition to your legal rights in relation to Products that are faulty or not as described. Advice about your legal rights is available from your

## 15. OUR WARRANTY FOR THE PRODUCTS

15.1 For Products which do not have a manufacturer's guarantee, we provide a warranty on delivery and for a period of 12 months from delivery, the products shall be free from material defects. However, this warranty does not apply in the circumstances described in clause 15.3.

15.2 The warranty in clause 15.1 does not apply to any defect in the products arising from: (a) fair wear and tear; (b) wilful damage, abnormal storage or working conditions, accident, negligence by you or by any third party; (c) if you fail to operate or use the Products in accordance with the user instructions; (d) any alteration or repair by you or by a third party who is not one of our authorised repairers; or (e) any specification provided by you.

15.4 If you are a consumer, this warranty is in addition to your legal rights in relation to Products that are faulty or not as described. Advice about your legal rights is available from your local Citizens' Advice Bureau or Trading Standards office.

## 16. OUR LIABILITY IF YOU ARE A BUSINESS

This clause 16 only applies if you are a business customer.

16.1 We only supply the Products for use by your business, and you agree not to use the Product for any re-sale purposes.

16.2 Nothing in these Terms limit or exclude our liability for: (a) death or personal injury caused by our negligence; (b) fraud or fraudulent misrepresentation; (c) breach of the terms implied by section 12 of the Sale of Goods Act 1979 (title and quiet possession); or (d) defective products under the Consumer Protection Act 1987.

16.3 Subject to clause 16.2, we will under no circumstances whatever be liable to you, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, arising under or in connection with the Contract for: (a) any loss of profits, sales, business, or revenue; (b) loss or corruption of data, information or software; (c) loss of business opportunity; (d) loss of anticipated savings; (e) loss of goodwill; or (f) any indirect or consequential loss.

16.4 Subject to clause 16.2 and clause 16.3, our total liability to you in respect of all other losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed 100% of the price of the Products ordered.

16.5 Except as expressly stated in these Terms, we do not give any representation, warranties or undertakings in relation to the Products. Any representation, condition or warranty which might be implied or incorporated into these Terms by statute, common law or otherwise is excluded to the fullest extent permitted by law. In particular, we will not be responsible for ensuring that the Products are suitable for your purposes.

## 17. OUR LIABILITY IF YOU ARE A CONSUMER

This clause 17 only applies if you are a consumer.

17.1 If we fail to comply with these Terms, we are responsible for loss or damage you suffer that is a foreseeable result of our breach of these Terms or our negligence, but we are not responsible for any loss or damage that is not foreseeable. Loss or damage is foreseeable if they were an obvious consequence of our breach or if they were contemplated by you and us at the time we entered into the Contract.

17.2 We only supply the Products for domestic and private use. You agree not to use the product for any commercial, business or re-sale purposes, and we have no liability to you for any loss of profit, loss of business, business interruption, or loss of business opportunity.

17.3 We do not in any way exclude or limit our liability for: (a) death or personal injury caused by our negligence; (b) fraud or fraudulent misrepresentation; (c) any breach of the terms implied by section 12 of the Sale of Goods Act 1979 (title and quiet possession); (d) any breach of the terms implied by section 13 to 15 of the Sale of Goods Act 1979 (description, satisfactory quality, fitness for purpose and samples); and (e) defective products under the Consumer Protection Act 1987.

## 18. QUOTATIONS: SURVEYS AND DRAWING TAKE-OFFS

**Quotation Validity and Accuracy**

18.1 All quotations provided by Tuscan Foundry Products are based on information gathered from site surveys or drawing take-offs and are given in good faith with the data available at the time. The installer and/or purchaser must verify all items and quantities listed in the quotation before placing an order. Tuscan Foundry Products will accept no liability or responsibility for any items that are not required or are found to be unsuitable once delivered.

**Disclaimer of Liability**

18.2 Tuscan Foundry Products disclaims any and all liability for any discrepancies, errors, or omissions in the quotations provided. The installer and/or purchaser must ensure the accuracy and suitability of all items specified in the quotation to meet their specific requirements and conditions on-site. Tuscan Foundry Products shall not be held responsible for any costs, losses, or damages arising from items that are not required or are unsuitable for their intended use.

**Purchaser and Installer Responsibility**

18.3 The installer and/or purchaser are fully responsible for: (a) Verifying all measurements, quantities, and specifications listed in the quotation. (b) Ensuring that all items quoted are suitable for their intended application and installation conditions. (c) Checking the accuracy and completeness of all information provided before placing an order.

By accepting the quotation and proceeding with an order, the installer and/or purchaser acknowledge and agree to these terms and conditions. Any orders placed based on the quotations provided will be considered as an acceptance of this disclaimer of liability and the responsibilities outlined above.

## 19. EVENTS OUTSIDE OUR CONTROL

19.1 We will not be liable or responsible for any failure to perform, or delay in performance of, any of our obligations under a Contract that is caused by an Event Outside Our Control. An Event Outside Our Control is defined below in clause 18.2.

19.2 An Event Outside Our Control means any act or event beyond our reasonable control, including without limitation strikes, lock-outs or other industrial action by third parties, civil commotion, riot, invasion, terrorist attack or threat of terrorist attack, war (whether declared or not) or threat or preparation for war, fire, explosion, storm, flood, earthquake, subsidence, epidemic or other natural disaster, or failure of public or private electricity or other power supply, or failure of public or private telecommunications networks or impossibility of the use of railways, shipping, aircraft, motor transport or other means of public or private transport or delay or cessation of a supply of key materials.

19.3 If an Event Outside Our Control takes place that affects the performance of our obligations under a Contract: (a) we will contact you as soon as reasonably possible to notify you; and (b) our obligations under a Contract will be suspended and the time for performance of our obligations will be extended for the duration of the Event Outside Our Control. Where the Event Outside Our Control affects our delivery of Products to you, we will arrange a new delivery date with you after the Event Outside Our Control is over.

## 20. COMMUNICATIONS BETWEEN US

20.1 When we refer, in these Terms, to “in writing”, this will include e-mail.

20.2 If you wish to contact us in writing, or if any clause in these Terms requires you to give us notice in writing, you can send this to us by e-mail or by pre-paid post to Tuscan Foundry Products, Unit 1, Tyn-Y-Clyn, Llanafan Fawr, Builth Wells, Powys, United Kingdom or info@tuscanfoundry.co.uk. We will confirm receipt of this by contacting you in writing, normally by e-mail. If you are a consumer and exercising your right to cancel under clause 8, please refer to clause 8 for how to tell us this.

20.3 If we have to contact you or give you notice in writing, we will do so by e-mail or by pre-paid post to the address you provide to us in your order.

20.4 If you are a business, please note that any notice given by you to us, or by us to you, will be deemed received and properly served immediately when posted on our website, 24 hours after an e-mail is sent, or three days after the date of posting of any letter. In proving the service of any notice, it will be sufficient to prove, in the case of a letter, that such letter was properly addressed, stamped and placed in the post and, in the case of an e-mail, that such e-mail was sent to the specified e-mail address of the addressee.

## 21. OTHER IMPORTANT TERMS

21.1 We may transfer our rights and obligations under a Contract to another organisation, but this will not affect your rights or our obligations under these Terms. We will always notify you in writing or by posting on this webpage if this happens.

21.2 You may only transfer your rights or your obligations under these Terms to another person if we agree in writing.

21.3 This contract is between you and us. No other person shall have any rights to enforce any of its terms, whether under the Contracts (Rights of Third Parties Act) 1999 or otherwise.

21.4 Each of the paragraphs of these Terms operates separately. If any court or relevant authority decides that any of them are unlawful or unenforceable, the remaining paragraphs will remain in full force and effect.

21.5 If we fail to insist that you perform any of your obligations under these Terms, or if we do not enforce our rights against you, or if we delay in doing so, that will not mean that we have waived our rights against you and will not mean that you do not have to comply with those obligations. If we do waive a default by you, we will only do so in writing, and that will not mean that we will automatically waive any later default by you.

21.6 If you are a consumer, please note that these Terms are governed by English law. This means a Contract for the purchase of Products through our site and any dispute or claim arising out of or in connection with it will be governed by English law. You and we both agree to that the courts of England and Wales will have non-exclusive jurisdiction.

21.7 If you are a business, these Terms are governed by English law. This means that a Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), will be governed by English law. We both agree to the exclusive jurisdiction of the courts of England and Wales.
