Tuscan Foundry Drainage Ltd is one of the UK's leading manufacturers and distributors of Cast Iron products for the construction industry.

Our UK operations are based in Mid Wales. In addition to the industry leading range of traditional Cast Iron rainwater and soil goods we offer socketless, mechanically jointed Soil and Drain systems and a push fit above ground soil system.

As one of the few working foundries left in the UK we also offer a genuinely bespoke service that includes drawings, pattern making and manufacture.

The Tuscan Foundry Drainage Price List includes all our systems. Price Lists for individual systems, for instance Telford Drain, are available as downloadable PDFs from our website.

Tuscan Heritage LCC Soil is a traditional socket and spigot pipe system with fittings for above ground soil and waste. Most products are ex stock but other items are available as bespoke.

Heritage LCC Soil (BS469) is coated in a Bitumen paint. The main components of Bitumen paint are naphtha (petroleum) based.

In the past Bitumen was the main choice for traditional soil drainage due to its resistance to moisture and good coverage of uneven surfaces. **Normally this type of finish can't be over painted with other paint types, because not only will harder materials used for over coating tend to crack or craze, but there is also the possibility that the Bitumen will bleed through. We cannot, therefore, recommend overpainting as a viable option.** If the choice of colour is important, we recommend you see our Heritage Express range.

Installation instructions available on request.

**HERITAGE EXPRESS (HX)  
IS A PUSH FIT SOIL  
SYSTEM DESIGNED FOR A  
LIFETIME PERFORMANCE...**

Heritage Express (HX) is a push fit soil system designed for a lifetime performance. This contemporary Cast Iron system has the appearance of traditional Cast Iron soil drainage but requires no caulking or sealing. It is quicker to fit saving significant time on every joint. The sockets are manufactured to fit 50mm and 100mm pipes and fittings.

Pipes and fittings are manufactured in grey Cast Iron which exceeds the requirements of BS EN 1561 Grade EN JL 1020, ISO 185 Grade 15.

All push fit sockets are supplied with EPDM rubber sealing rings which are suitable for most applications. Where especially aggressive substances need to be discharged please check with our technical department as to their suitability.

# HERITAGE EXPRESS SOIL

## COATINGS

All pipes and fittings are factory coated with a two pack black gloss paint finish as standard, suitable for internal and external installations. All the pipes have an epoxy yellow internal coating. Heritage Express pipes and fittings can also be supplied in colours from the RAL range and also with our Coastal paint finish for marine environments.

Installation guidance is provided on instructions included with delivery and at [www.tuscanfoundry.com](http://www.tuscanfoundry.com)
